

# The Great Philbrook Bird Hunt

Philbrook's 26 acres of gardens and grounds are the perfect habitat (home) for many feathered friends.

Can you find three different kinds of birds while you are out exploring the gardens? What are their names? Do they like to perch high up in trees or are they fishing down in Crow Creek?

Circle the birds you spotted. Then use this guide or download the Audubon Bird Guide—a free bird identification app created by the National Audubon Society—to put a name with a face.

1. Barred Owl
2. Red-tailed Hawk
3. Blue Jay
4. Downy Woodpecker
5. Northern Cardinal
6. Carolina Chickadee
7. American Robin
8. Eastern Bluebird
9. House Sparrow
10. House Finch
11. Tufted Titmouse
12. Yellow-bellied Sapsucker
